# PHOTOGRAPHING, FILMING AND RECORDING STUDENTS POLICY

## PURPOSE

To explain to parents/carers how Collingwood English Language School (CELS) will collect, use and disclose photographs, video and recordings of students, how parent/carer consent can be provided and how it can be withdrawn.

## SCOPE

This policy applies to the general collection, use and disclosure of photographs, video and recordings (“images”) of students. It does not cover the use of Closed Circuit Television (CCTV).

## POLICY

This policy outlines the practices that CELS has in place for the collection, use and disclosure of images of students to ensure compliance with the *Privacy and Data Protection Act 2014* (Vic). It also explains the circumstances in which CELS will seek parent/carer consent and how consent can be provided and/or withdrawn.

As a general rule, use relates to images which are shared and distributed only within the school for school purposes (i.e. ID photos, Compass), whilst disclosure is used for images which are shared and distributed outside of the school staff and are available to other students, parents/carers and the wider school community.

CELS will ensure that parents/carers are notified upon enrolment and at the commencement of each school year of the ways in which our school may use images of students. There are many occasions during the school year where staff photograph, film or record students participating in school activities or events, for example classroom activities, sports events, concerts, excursions, camps etc. We do this for many reasons including to eg to celebrate student participation and achievement, showcase particular learning programs, including specialist EAL professional learning, document a student’s learning journey/camps/excursions/sports events, communicate with our parents/carers and school community in newsletters and on classroom apps/ and platforms etc

CELS will use student images reasonably, appropriately and sensitively, consistent with our obligations under the Child Safe Standards and our school’s Child safety code of conduct and Statement of Commitment to Child Safety. If at any time a parent/carer or student has a concern about the use of any images they should contact Principal Catherine McMahon on 94197633.

In addition to the processes outlined below, parents/carers can contact their Assistant Principal at the Broadmeadows, Collingwood and Craigieburn Campuses at any time to withdraw their consent for any future collection, use or disclosure of images of their child. However:

- if the images have already been published and are in the public domain, it may not be possible for consent to be withdrawn.
- There may be occasions when the school will record whole of school or large group events [and make those recordings available to the school community through DVD sales etc], such as [insert as appropriate, eg the school concert, speech nights, sports events etc] and if your child participates, they may appear in these recordings which will be available to the whole school community.
- The school can still collect, use and disclose images in circumstances where consent is not required (see below for more information).

## Images to be used or disclosed outside the school community

Photographs, video or recordings of students may also be used in publications that are accessible to the public, including:

- on the school's website including in the school newsletter which is publicly available on the website

The Consent Form also covers these types of uses and will be distributed to parents/carers on enrolment.

We will notify you individually if we are considering using any images of your child for specific advertising or promotional purposes.

### Media

The media, or the Department of Education and Training's media team, may seek to photograph, film or record students for a news story or school event. This may include broadcast media, online or social media or print media, including newspapers and magazine publications.

When our school receives such requests CELS will:

- provide parents/carers with information about the organisation involved and when/for what purposes the photography, filming or recording will occur
- seek prior, express parent/carer consent in writing.

Students will only be photographed, filmed or recorded by the media at school if express consent is provided for that specific media event. Neither the school nor the Department own or control any photographs, video or recordings of students taken by the media.

## School performances, sporting events and other school approved activities

CELS permits parents/carers, students and invited guests to photograph, film or record school performances, sporting events and other school-approved activities.

Example school requests that parents/carers, students and invited guests who photograph, film or record school activities only do so for their own personal use and do not publish the images in any form, including on social media, without the prior consent of persons whose children also appear in the images.

Neither the school nor the Department own or control any images of students taken by parents/carers, students or their invited guests at school activities.

## Images to manage student behaviour or fulfil our school's legal obligations

On occasion it may be necessary for school staff to photograph, film or record students when necessary to:

- fulfil legal obligations, including to:
  - take reasonable steps to reduce the risk of reasonably foreseeable harm to students staff and visitors (duty of care)
  - provide a safe and suitable workplace (occupational health and safety law)
- for identification purposes, when necessary to implement discipline and/or behaviour management policies.

CELS does not require or obtain consent from parents/carers or students to photograph, film or record students for these reasons. However, when CELS photographs, films or records a student for any of these purposes, staff will only collect and use such images in a way that is reasonable and appropriate in the circumstances.

## Staff use of personal devices

School staff may use their own personal devices to capture images of students for reasonable and legitimate educational purposes. If this occurs, staff are expected to upload the images to the school database and delete the images from their device within a week of the images being captured.
